## Rockefeller Tours Home of Faubus

HUNTSVILLE, Ark. (AP) — Gov. Winthrop Rockefeller got a first-hand look Thursday at the house that he and other members of the Republican Party estimated to have cost \$200,000 or more.

He and the 10-member entourage accompanying him on his tour of Northwest Arkansas were given a personal tour by its owner — former Gov. Orval Faubus.

Faubus, who says the house is costing him about half of the Republican estimate, extended an invitation when Rockefeller and party stopped by the Madison County Record, the weekly newspaper the six-term governor owns here.

Rockefeller accepted and met Faubus there after a visit to the emergency governor's headquarters, an elaborate fallout shelter situated on the mountaintop above the Faubus home.

The house is not completed yet, and Mr. and Mrs. Faubus have been living in an apartment here until it is.

Faubus, who had joked that Rockefeller probably would bump his head on the low ceiling beams, warned the governor to "watch your head" as they entered.

The two men chatted during the 25-minute tour, but a Rockefeller aide said later that the talk was "strictly non-political."

The Rockefeller group went to Fayetteville after the tour to attend a public meeting at the Ramey Junior High School.

Rockefeller was to have lunch with legislators and county judges from the area today following a news conference at 11 a.m. at Fayetteville city hall. He was to begin meeting individually with local residents about 2:45 p.m.

## Suit Filed in Dairy Referendum

LITTLE ROCK (AP) — Petitions calling for a referendum vote on the 1967 Act creating an Arkansas Dairy Commission should be voided and Secretary of State Kelly Bryant should be prohibited from certifying them to the state Board of Election Commissioners, state Sen. Virgil T. Fletcher of Benton told the Arkansas Supreme Court here Thursday.

Sponsors of the petitions used misleading statements and one falsehood to obtain signatures, thus destroying the integrity of the petitions, Fletcher said in a petition filed by his attorney, Eugene R. Warren of Little Rock.

Fletcher also said the title by which the Act would be placed on the ballot was "misleading, deceptive, confusing, fraudulent, fallacious and partisan" because it omitted key features of the Act.

Fletcher contended that workers for the Committee on Prevention of Milk Price Controls, a group formed by chain food stores and other merchants opposed to the establishment of a Dairy Commission, had told persons to "sign this petition to keep the price of milk from going up."

"The very purpose of said Act 306 was to protect the public of Arkansas from vicious trade practices calculated and intended to eliminate independent competition and increase the price of milk to the ultimate consumer," Fletcher said.

The workers also told signers the Act became law on March 13, 1967, Fletcher said, when in reality it would not have become law until July 1.

The effect was to lead the signers to believe the Act already was in effect and that their signatures would have no impact on its becoming law, he said.

Fletcher said the ballot title omitted references to 13 unfair trade practices used to hide rebates, the fact that processors, distributors and retailers had to pay only \$1 for the license specified in the Act and the fact that the Act would be in effect only two years.

If the Supreme Court voids the petitions, the Act could go into effect immediately.

It creates a five-member commission with the authority to set minimum prices on milk and other dairy products and to conduct hearings and investigations. Gov. Winthrop Rockefeller already has named the members of the commission.

Fletcher introduced the legislation in the 1967 General Assembly.

## Jazzy July

The Central Plains, the Pacific Northwest and the entire Atlantic Seaboard are in for heavier than normal precipitation. The Southwest and Gulf Coast will be drier.

## Maps show Weather Bureau's estimated forecasts of average temperature, precipitation through July 31.

A cooler than usual July is the outlook for the eastern two-thirds of the nation, balanced by above-normal temperatures in the Southwest and much of the Gulf Coast.

## Mercenaries Reportedly Encircled

UNITED NATIONS, N.Y. (AP) — One group of white mercenary fighters was reportedly encircled in the eastern Congo today as the Congolese government appealed for action by the U.N. Security Council against "an international Mafia."

The 15-nation council scheduled another meeting this afternoon to consider Congolese Ambassador Theodore Adzumbur's plea that it urge member states to ban recruitment of mercenaries for an alleged plot to overthrow President Joseph D. Mobutu.

Heavy fighting was reported in eastern Kivu Province, Congolese military sources in the area said three army battalions on Thursday had surrounded 200 white mercenaries who had seized control of the post office and radio station in Bukavu, on the Congo's east central border north of Kanta Province, former stronghold of ex-Premier Moïse Tshombe.

## Four Negroes Held on a Rape Charge

LITTLE ROCK (AP) — Four Negroes charged with raping a 74-year-old white woman were being held without bond in the Pulaski County Jail here Thursday.

Pros. Atty. Richard Adkisson said Eddie Manning, 17, H. L. Manning, 21, both of Althelmer, Arthur Lee Manning, 22, and Jessie Jones, 22, both of Scott, were accused of raping the woman Saturday night in a wooded area near Scott. The Mannings are brothers.

The victim and her son and daughter were riding in a pickup truck when a car cut in front of them and stopped, blocking their path, Adkisson said.

The elderly woman was raped by three Negroes while a fourth attempted to rape the daughter, he said.

Adkisson said the victim's son attempted to stop the attack on his mother, but headed for a nearby farmhouse to bring help after being struck on the head by one of the assailants. He said the attackers had fled before the son returned.

## Gas System Pact Approved

LITTLE ROCK (AP) — The state Public Service Commission granted permission Thursday for the Perry County towns of Perry, Perryville and Oppelo to construct natural gas systems and lease them to the Arkansas Louisiana Gas Co., to operate.

## Rights Figure Appeals His Sentence

LITTLE ROCK (AP) — Lepuities from the Lincoln County sheriff's office arrested Robert Cableton of Gould because he was a civil rights worker and not because of the charges on which he later was convicted, Cableton's attorney told the Arkansas Supreme Court Thursday.

John W. Walker of Little Rock, the attorney, asked the high court to reverse Cableton's conviction and \$100 fine on charges of disturbing the peace, obstructing justice, interfering with or assaulting an officer, resisting arrest and being drunk.

Walker previously sought to have the case transferred from circuit court at Pine Bluff to federal District Court, but Judge Gordon E. Young returned the case to the state court.

The circuit court upheld the conviction and fine imposed by Mayor S. L. Butcher of Gould.

Walker said the charges stemmed from an incident that occurred Dec. 18, 1965, when deputies stopped the car in which Cableton was a passenger.

## Hits U.S. Fee on Lakes and Reservoirs

WASHINGTON (UPI) — Rep. John Paul Hammerschmidt, R-Ark., today said the U.S. Army Corps of Engineers plan to impose additional fees for use of Corps controlled lakes and reservoirs represented a dangerous trend.

"The Corps has already imposed admission and entrance charges at many of the reservoirs and lakes throughout Arkansas and the nation. Now it proposes to siphon off some more money from the people," he said.

The Corps announced that effective January 1, 1968, it will charge permit fees to individuals and organizations for boat-houses, docks, piers and swimming platforms.

"Taxes paid by the people for the Corps dams, lakes and reservoirs in the first place," Hammerschmidt said. "The Corps is supported by tax dollars. It gets plenty of money to operate."

Hammerschmidt explained that the last Congress continued the law which allows the collection of fees by the Corps, but did so with the understanding that the Corps would not increase the number of areas affected.

## PLANE LOSS

(From Page One)

and four are still missing.

The two which collided today were on their way to bomb targets in South Vietnam, with each probably carrying about 50,000 pounds of bombs. B52s mounted nine raids Thursday, a record for a 24-hour period. The raids were aimed primarily at the A Shau valley area on the Laotian border due west of Da Nang. The valley is a hotbed of enemy strongholds and infiltration routes. The B52s returned to the A Shau area Thursday night.

The planes, which have a range of 7,000 miles and can fly at 650 miles an hour, attack from bases in Guam and Thailand, but the U.S. Command in Saigon does not disclose where specific flights begin.

The command said one of the planes was originally from the 22nd Bomb Wing at March Air Force Base, Calif., and the other was from the 464th Bomb Wing at Columbus, Miss. B52s are assigned for Vietnam duty from the United States on a rotation basis.

**Bald Eagle**

The bald eagle was adopted as the national emblem of the United States in 1782. Its numbers are waning and fewer than 500 pairs survive south of Canada today. The bird was hunted for bounty for years but it is protected by federal law now.

OKLAHOMA CITY (AP) — Dierks Forests, Inc., a Hot Springs, Ark., firm that manufactures lumber, gypsum wall-board, pressed wood, telephone poles, pulp paper and other pine products, hopes to build a multi-million dollar paper mill during the next five years on 2,000 acres of land that it purchased recently near Valliant in Southeast Oklahoma, President Fred M. Dierks said at a dinner here Thursday night.

## Action...Cameras... Vacation Memories

You can bring back better pictures from this summer's vacation if you remember these simple tips: 1) the natural look—avoid posed group shots, and get as close as your camera and subject matter permit. 2) tell a story—let your camera look at a day's adventure as you do. 3) check the background—choose something plain. 4) don't punch it—press your shutter release gently. And don't forget, make us your source of picture-taking supplies. We're always ready to help you.

## Wedding Vows Are Repeated

Mr. and Mrs. Cecil Fincher of Hope, announce the marriage of their daughter, Susan Anniss to James Ronald Faulkner, son of Mrs. Ann Butler, also of Hope, and William S. Faulkner of Pontiac, Michigan on Friday evening, June 30, 1967 at 7:00 p.m. at the home of the brides parents in Oakhaven.

The bride, escorted by her father, descended the stairway which was decorated with Magnolia leaves, to the strains of Mendelssohn's Wedding March.

The double-ring ceremony was performed by Milton Peebles, before an improvised altar of tall baskets of white mums and carnations tied with blue ribbons, flanked by two seven-branch candelabras holding white candles. On the mantle was an arrangement of white carnations.

The bride, given in marriage by her father, wore a street-length white lace A-line dress with a round neckline and short sleeves. This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us!, it welcomes laughs but won't dodge a serious question with a brush off.

Send your teenage questions to YOUTH ASKED FOR IT, care of Helen Help Us! this newspaper.

### WHY MOTHERS GET GRAY

Dear Helen: Is it any wonder parents of 16-year-olds age ten years in one? This is the first year for "wheels." How does a parent face the worry of waiting for the kids to come in? — PACER, AND NEW AT IT

Dear Pacer: . . . The same way she faces every other stage in her children's lives: with faith, hope and stoicism. You can't worry your kids to a safe landing, but solid training all through the years will probably bring them in on the beam.

And move over, chum: we're all floor pacers until we discover our 16-year-olds actually DO survive car dates, and even make it home before deadlines.

. . . Then, just as we're getting oriented, along comes such little gems as this, and here we go again:

Mother: "Is your new boy friend a good driver?"

Daughter: "Oh, you don't have to worry about HIM—he's gotta be the best. If he gets one more ticket, he'll get his license taken away."

. . . And the gray hairs multiply. —H

Dear Helen: I work in a restaurant where you meet all sorts of people. There's one in particular that has made me wonder. This woman lives two doors away with her husband and little girl, who is the image of him. We chit-chat occasionally.

Yesterday she walked into the restaurant with another man and a different child. I went to wait on them and naturally said, "Hello, Mary." She gave me a funny look and said, "My name's not Mary." Then she went on to order a hamburger for "my little girl," and, "My husband and I want only coffee." He called her "Ginny."

Helen, I think she's married to two men at the same time. Besides this, I've seen her with teenage boys.

What gives, and should I tell the authorities? —WAITRESS

Dear Waitress: Why not instead ask Mary if she has a twin sister? And younger brothers? A gal who has an extra husband to hide certainly wouldn't flaunt him to a friend, would she? But identical twins often get their kicks from confounding acquaintances. —H

Dear Helen: My husband and I have been married 10 years and have two children. I think he loves them more than he loves me, as he insists on working the night shift while I work the day shift, so that one of us will always be with them. This means that he gets home at 8 a.m., and goes to bed, sleeping until 2:30 p.m. when I must leave to get to work by 3:00. I come home at 11:30 and he leaves for work at 11:35 p.m. That leaves us about five minutes twice a day to be together, except on weekends, when he's out with the

## Television and Radio

HOLLYWOOD (AP) — NBC-TV will air Nikita S. Khrushchev's recently recorded reminiscences July 11. Films, photos and tapes from private sources will show his life in retirement. He talks about Stalin, Eisenhower, Kennedy, Mao and the Cuban missile crisis.

Elsewhere in television land—

ABC is filming a fall police series, "N.Y.P.D.," in New York. The first episode was written by ex-cab driver Edward Adler. Jacqueline Kennedy's sister Lee Bouvier — Princess Lee Radziwill — now in her stage debut in Chicago, makes her television bow starring in "Voice of the Turtle" for ABC next season.

Sick list: George Macready returned to the "Peyton Place" cameras, recovered sooner than expected from lung congestion. Wilfrid Hyde-White subbed four weeks as crusty old Martin Peyton.

Bud Collier, ill since May 25, returns July 10 to "To Tell the Truth." An emergency appendectomy removed Patricia Breslin temporarily from "General Hospital." Jan Shepard, with no rehearsal, replaced her as nurse Meg Baldwin from to-

day through July 19.

NBC expected about 65 people a day on the new paid tours of its Burbank studios. The first three days brought 470.

Saturday's sports schedule includes: Le Mans 24-hour grand prix and Hawaii's international surfer championship, ABC's "Wide World of Sports," Reds-Cubs baseball, NBC Canadian Open Golf, with Cary Middlecott commenting, CBS On radio, Sandy Koufax starts a three-day weekend interview with sports notables for Monday.

Also on Monitor, Hugh O'Brian's interviews with GIs in Vietnam will be broadcast throughout the weekend.

"ABC Scope: The Vietnam War" telecasts Saturday a profile of Dave McCann's family of five, from Bloomington, Ill., living in Saigon.

Walter Cronkite interviews John J. McCloy, Warren Commission member, Sunday on "Face the Nation." The interview was taped originally for CBS' four-part study of the Warren report.

Also Sunday: Lord Caradon, Britain's U.N. ambassador, on NBC's "Meet the Press"; Alan S. Boyd, secretary of transportation, on ABC's "Issues and Answers."

## Surging Twins, Sox Series Starts

By JERRY LESKA  
CHICAGO (AP) — A mid-season showdown between the first-place Chicago White Sox and the surging Minnesota Twins opens tonight with Sox Manager Eddie Stanky as calm and collected as his amazing pitching staff.

"Minnesota has a lot of momentum right now, but momentum can be shut off as quickly as it starts," snapped the peppery little Sox pilot despite his club's dwindling 2½-game margin over the Twins, who are riding an 8-game winning streak.

The four-game set is expected to pack Sox Park right through Sunday's closing twin-bill.

In the opener, Gary Peters, 10-4, hurls against Minnesota ace, Dean Chance, 11-6.

Commented Stanky: "Is this a crucial series? Any series is important whether it's in May or September. We've had as much trouble with Kansas City and Washington as with Minnesota."

The Sox, who own a 1-1 home record against the Twins and a 3-3 split at Minnesota, have their poorest mark against ninth-place Kansas City, 2-5, and stand 7-5 against last place Washington.

Against Minnesota, which suddenly has whittled Chicago's once comfortable lead, Stanky will start two 10 game-winners in Peters and Joel Horlen, 10-1, plus Tommy John, 7-5, and Bruce Howard, 3-5.

But the name of Chicago's pitching's game is sparking relief work.

The firemen brigade of ageless Hoyt Wilhelm, Bob Locker, Wilbur Wood and Don McMahon astounds even Stanky.

"I've never seen relievers on one team like this one in my heyday," said the onetime star of the old New York Giants.

Wilhelm, 3-1, who turned 44 July 6, has a torrid 0.68 earned run average and Locker, 4-2, has a 1.94. Locker has eight saves in 34 appearances and Wilhelm has seven in 21 games.

## Teammates Hate to See Taylor Leave

GREEN BAY, Wis. (AP) — "A little flavor will be gone out of the Green Bay Packers for the fans and for Jerry Kramer," said Kramer, the Packers' star guard, Thursday night in commenting on the departure of fullback Jimmy Taylor.

Kramer and Taylor, who signed Thursday with the New Orleans Saints, are close friends.

"You just can't go out and find anyone to replace a Jimmy Taylor," said Kramer.

Linebacker Ray Nitschke said, "I hate to see him go. I started playing professional football with Jimmy and I'm a real close friend of his and naturally I'll miss playing with him."

"But, we're still a strong football team with him or without him. We didn't stand pat. We will have some other good ball players on the Packers."

## Patriots Are Shooting for Super Bowl

By DAVE O'HARA  
Associated Press Sports Writer  
BOSTON (AP) — The Boston Patriots, who lost a bid for the American Football League's Eastern Division title on the final day of the regular season last December, are shooting for the Super Bowl in 1967.

"We have problems, but nothing that can't be resolved," Coach Mike Holovak said Thursday. "We're shooting for the Super Bowl. That's the thing and I have my heart set on it."

Holovak, who doubles as the Patriots' general manager, indicated that at least one of his problems — the signing of rookie defensive end Ed Philpott of Miami of Ohio — will not be resolved.

"Philpott is a dead issue at the present time," Holovak said. "We're far apart in negotiations. Even if he does well in the Coaches' All-America Game in Atlanta Saturday night, I'm not interested in the money he wants."

Holovak said that Philpott, a 6-foot-3, 235-pound college stand-out, is far out of line in demands "for the 100th player drafted."

The Patriots, who traded away their second and third round choices, picked Philpott in the fourth round of the first combined draft of the AFL and the National League.

## Taylor and Hornung Back Together

BATON ROUGE, La. (AP) — When the battle-hardened veterans march into the New Orleans Saints' training camp in San Diego Saturday, fullback Jimmy Taylor will be in that number.

Taylor, 31, a Green Bay Packers star for eight seasons, switched to the Saints Thursday in a deal glowing with high finance and announced in the governor's office.

To swing it, Saints owner John Mecom had to make severe concessions to Green Bay even though Taylor's contract had expired and, technically, he was a free agent.

"We've agreed to give up our future—next year's first draft choice—plus a mutually agreed-upon player off our roster at a later date. We can't say who it will be but it'll probably be a veteran," said Mecom.

Taylor, who lives in Baton Rouge, wanted the Saints to support him in high style. He asked a reported \$400,000 on a four-year contract, to be paid over a 20-year period. What he actually got was not disclosed.

"The contract is longer than one year," said Mecom. "I

## Cards Win With Hitting of Cepeda

By HAL BOCK  
Associated Press Sports Writer  
When you can hit a baseball the way Orlando Cepeda can, it's awfully tough to be a goat for very long.

Cepeda proved that Thursday night when he rammed three hits and drove in three runs as the first-place St. Louis Cardinals lengthened their National League lead to 1½ games with a 6-5 victory over Cincinnati.

Second-place Chicago dropped its fourth straight game, 4-3 to Houston in the only other National League game played. In the American League's only game, Baltimore stopped Chicago 3-1, shoving the White Sox' lead to 2½ games over Minnesota.

The Twins open a four-game weekend series at Chicago tonight.

Cepeda, who leads the major leagues in batting with a .359 average, walloped a two-run homer in the fourth inning—his 11th of the year.

But in the eighth, with the Reds nursing a 5-3 lead, the big first baseman made a blunder on the basepaths that cost the Cardinals a potentially important run.

Cepeda opened the inning with a single, setting up the tying run at the plate. But instead of stopping at first, he tried to stretch his hit and was cut down at second on Art Shamsky's throw.

One out later, Mike Shannon was hit by a pitch and then Julian Javier homered, tying the score. Had Cepeda been on base, Javier's shot would have given the Cardinals the lead.

As it turned out, it didn't matter. Cepeda made certain of that an inning later. Bobby Tolman had singled with one out and stole second. After Curt Flood walked and Roger Maris flied out, Cepeda singled Tolman across with the winning run.

Tony Perez hammered his 17th homer and Pete Rose had three hits for the Reds, who dropped four games back of St. Louis. Tim McCarver homered behind Cepeda's fourth-inning shot for the Cardinals.

The Astros hopped on Chicago's Ferguson Jenkins for four hits and three runs before a batter was retired in the first inning and then stood off a late Cubs' flurry for their victory.

Jimmy Wynn drove in two Houston runs with a double and his 20th homer as Bo Belinsky, with ninth-inning help from Carroll Sembera, won his second game. Ed Mathews' bases-loaded single capped the first-inning rally against Jenkins, 11-6.

Ron Santo, who had two doubles among his three hits, scored two of Chicago's three runs.

Paul Blair drove in two Baltimore runs with a homer and a single and Sam Bowens' homer produced the third as the Orioles dropped the White Sox.

Dave McNally went the distance, allowing five hits and evening his record at 5-5. One of the hits off him was a solo homer by rookie Dick Kenworthy.

Jim O'Toole was the loser.

would say it is similar to what Green Bay paid him, probably. But nothing like what the press has said."

Green Bay paid Taylor \$60,000 per season for his football talents, which include an ability to run over strong linemen as though they were children.

Taylor was offered a raise in an effort to keep him happy at Green Bay but he wanted to leave.

## Sikes Five Under Par in Indianapolis

INDIANAPOLIS, Ind. (AP) — R. H. Sikes went home last week and changed his putting stance and chipping stance, and his new style helped him shoot a 5-under-par 67 in the first round of the Speedway Open Golf Tournament.

"My chipping was better than it's been in a long time," Sikes said Thursday after a round that put him in a tie for the lead with Bud Funseth.

He used only 25 putts on the round, and the longest that dropped was only 12 feet. One chip also dropped from 25 feet for a birdie.

"I started keeping the blade a little more square and played the ball more off my left foot," Sikes said of his chipping change.

Explaining his putting, he said, "I started standing up to it a little more."

It took good approaching and putting to score as the 7,179-yard Speedway played long in the gusty wind. Lou Graham was right behind the leaders with 68.

Defending champion Billy Casper, who said he "played awful," settled for a par 72.

## Mrs. King Favored to Keep Title

WIMBLEDON, England (AP) — Mrs. Billie Jean King, United States Wightman Cup star who is bidding to retain her Wimbledon title, had a tape recording to study today.

It was made by her law student husband Larry on Wimbledon's center court Thursday—a private running commentary on her 6-0, 6-3 semifinals victory over Kathy Harter, of Seal Beach, Calif.

The object—to help her prepare for Saturday's final against Mrs. King's old British Wightman Cup rival, Mrs. Ann Jones of Britain. Mrs. Jones made the final for the first time by defeating Rosemary Casals, of San Francisco, 2-6, 6-3, 7-5.

"These tape recordings help me a lot," Mrs. King said. "Larry really sounds mad when I make a bad shot—and it really lets me know when I've done something wrong."

Mrs. King, from Long Beach, Calif., is favored to win the title again—even though Mrs. Jones defeated her at the Kent Championships at Beckenham two weeks before Wimbledon began.

Cardinals, slashed three hits including a two-run homer and a ninth-inning single that drove in the winning run as St. Louis edged Cincinnati 6-5.

PITCHING — Dave McNally, Orioles, scattered five hits and evened his record at 5-5 as Baltimore whipped the Chicago White Sox 3-1.

## Golfing Feud Heading for Convention

INDIANAPOLIS, Ind. (AP) — The feud between the touring pros and the Professional Golfers' Association is headed for the PGA convention in November, and a threatened boycott of the national PGA tournament appears to be off.

The players, fighting the PGA executive committee's veto power over tournament operations, achieved their goal in limited form Thursday and voted to honor all commitments the rest of the season.

But they weren't happy. Dan Sikes, tournament committee chairman, said they "will go to the national convention with an amendment to remove the one remaining area of executive committee veto power."

Sikes said the executive committee agreed that for the rest of this year it will not overrule any action taken by the tournament committee with all eight members present, or any decision taken by an advisory committee in the event of a tie in the tournament committee.

The PGA is scheduled for Denver July 20-23.

## Porker Trio to Start All Star Game

By RON SPEER  
Associated Press Sports Writer  
ATLANTA (AP) — Steve Spurrier, Heisman Trophy winner from Florida, was picked today to start for the East at quarterback in the seventh annual Coaches All-American football game Saturday night.

East Coach Tom Cahill of Army said, however, that Purdue's Bob Griese, runnerup in the Heisman voting, will see plenty of action.

The two quarterbacks have made the East the favorite in the game which will be nationally televised by ABC-TV, starting at 9:30 p.m. EDT.

West Coach Bob Devaney of Nebraska Thursday named Jon Brittenum, scrambling runner and deadly thrower from Arkansas, to quarterback the underdogs.

Cahill said he had a hard time deciding which of his quarterbacks to start and he was still calling Spurrier "the probable starter."

The two quarterbacks will be passing to Gene Washington of Michigan State, one of the most impressive East players during a week of practice.

The East also will throw some hard-hitting runners at the West, with Syracuse's Floyd Little starting at halfback with Gary Rowe of North Carolina State, and Nick Eddy of Notre Dame opening at fullback.

The East's starting defense will be anchored by linebackers George Webster of Michigan State and Jim Lynch of Notre Dame, with Purdue's John Charles, Georgia's Lynn Hughes and Miami's Tom Beyer roaming in the defensive secondary.

Arkansas landed a trio of starters on the West team, with Brittenum getting the nod at quarterback over Bo Burris of Houston. Other Razorback starters will be middle guard Loyd Phillips and safety Marline Bercher, a pair of defensive standouts.

Helping Brittenum offensively for the West will be halfbacks Mel Farr of UCLA and Rod Sherman of Southern Cal and fullback Harry Wilson of Nebraska.

## Travelers Finally Beat Sonics

AMARILLO, Tex. (AP) — Three Arkansas pitchers staved off a ninth-inning Amarillo rally as the Travelers defeated the Sonics 5-3 in a Texas League baseball game here Thursday night.

The contest marked the end of an eight-game losing streak by Arkansas and a nine-game victory streak for the Sonics.

Amarillo, pacing the league by 10 games, trailed 5-2 in the bottom of the ninth when Fred Walters smashed a lead-off single that brought in Joe Hamende to relieve starter Dave Bakenhaster.

Hamende fanned pinch-hitter George Gerberman, but Jim McDonald singled, and an error by Roy Majtyka loaded the bases.

Jerry Robertson came in to save Bakenhaster's third victory in 10 decisions after Keith Lampard hit into a force play to score Amarillo's third run.

Bull Watson's long fly to center ended the game.

The Travelers picked up their runs on a two-run single by Billy Wolf in the first inning and a three-run homer by Joe Hague in the fifth. Both blows came against loser Bruce Vonn Hoff.

Nate Colbert opened Amarillo's scoring by leading off the fourth with his 21st homer of the season, and the Sonics added an unearned run in the sixth.

Cellar-dwelling Dallas - Fort Worth, 17 games out of first, downed second-place El Paso 3-1 in other Texas League action, while fifth-place Albuquerque toppled third-place Austin 12-8.

Arkansas moved into a third-place tie with the Braves. Both are 12 games out.

The Travelers try for a second victory at Amarillo tonight, while El Paso has another go at Dallas-Fort Worth and Austin hosts a doubleheader with Albuquerque.

**JEWISH SHRINE** became Walling Wall "Square" as bulldozers cleared away small  
houses and rubble from the sacred spot. Jews revere the wall, seen in the background,  
as a place to mourn lost glories of ancient Israel and the destruction of Solomon's  
temple. After the old part of Jerusalem was regained from Jordan, floods of Jews  
came to wait at the wall, which necessitated a larger area to accommodate them.

## Miss Maxwell Is Leading Moneywise

BALTIMORE (AP) — Susie Maxwell used golf to earn a de-  
gree in business administration  
from Oklahoma City University  
in 1963. Now she is giving other  
women golfers the business.  
Miss Maxwell, who'll be 27  
years old later this month, is  
the leading money winner on  
the Ladies Professional Golf  
Association tour this season and  
is one of the favorites in the \$15,-  
000 Lady Carling open which  
began today.  
The hazel-eyed Oklahoman  
won \$11,780 last year and \$12,-  
000 so far this year.  
Miss Maxwell went through  
college on a golf scholarship,  
playing on OCU's team with  
boys.  
Among others considered in  
line for the Lady Carling's top  
prize are defending champion  
Kathy Whitworth, Mickey  
Wright, and Carol Mann who  
won the tournament in 1965.

## Kaline Plans to Try a Little Running

DETROIT (AP) — Al Kaline,  
the Detroit Tigers' slugging  
rightfielder, planned to try run-  
ning a little today, but he's  
afraid his broken hand will foul  
up his timing badly.  
Kaline broke his right hand  
June 27, slamming a bat into  
the rack after striking out.  
"I've got a cast pretty near  
up to my elbow," he said.  
Kaline said the rest won't hurt  
him. "I was getting tired, not  
real tired, but playing every  
day was wearing me down."  
"When I get back I'll feel real  
strong, but I'm worried about  
my timing," he added.  
"I come off the injured list  
July 19," Kaline said. "It prob-  
ably will take me about a week  
to get in shape after I get  
back."

## Post Office Romance Not Over Yet

WASHINGTON (AP)— This is  
to inform former mailman Ir-  
ving Dulberg, wherever he is,  
that Jennie loves him and wants  
him to come back to Brooklyn.  
It wasn't you, Irving, that she  
was upset with that last morn-  
ing at the post office in Brook-  
lyn. It was just that her head  
ached from sorting mail. That's  
why she wouldn't talk to you.  
"He never gave me a chance  
to explain," Jennie related to  
Rep. Emanuel Celler, D-N.Y.,  
her congressman, in the first of  
several letters he has received  
about the ill-starred post office  
romance.  
"He stopped coming to work,"  
she wrote, "and they dismissed  
him for excessive absence. He  
became despondent and left his  
parents' home."  
That was more than two yers  
ago and Jennie Epstein has  
been directing letters to con-  
gressmen and newspapers ever  
since seeking help in tracking  
him down. "He is a human  
being and wherever he is he still  
reads newspapers."  
The Jennie Epstein file in  
Celler's office is getting fat now,  
despite the congressman's in-  
sistence he cannot ask newspa-  
pers and press associations to  
publish her appeal.  
"I am sorry you are so un-  
sympathetic to the humane act  
of having the press inform  
former letter carrier Irving  
Dulberg that his fiancée, Jennie  
Epstein, loves him and he  
should return to Brooklyn, N.Y.,  
to see me and to his family,"  
she said in her latest letter to  
Celler, received Thursday.

### 'Numerous Heart Attack' Claims Sometimes Colitis

By WAYNE G. BRANDSTADT, M.D.  
Newspaper Enterprise Assn.

Q—What are the symptoms of colitis? Can it cause constipation?

A—The chief symptoms are loose stools often flecked with mucus, excessive gas in the intestines sometimes accompanied by rumbling noises and diffuse abdominal distress which may vary from a vague uneasiness to severe cramping pains. There may be pains in the chest. Many a neurotic woman who complains of frequent heart attacks has a healthy heart and a nervous irritable colon.

Colitis is at the opposite pole from constipation which is properly defined as having stools that are hard and dry and difficult to pass. Many a person with colitis, however, overemphasizes the bowel, then skips a day. He may mistakenly refer to this as constipation.

Q—What is the difference between a spastic colon and ulcerative colitis? Could a spastic colon lead to ulcerative colitis?

A—Spastic or mucous colitis is the less serious of the two. It is caused by emotional upsets, by taking laxatives and other irritants or by over-indulgence in fruit and vegetables, especially when eaten raw. The cause of ulcerative colitis is unknown. There is no relation between the two diseases.

Although a victim of spastic colitis may have several loose stools a day they are not as numerous as those of ulcerative colitis and do not contain blood. A person with spastic colitis can usually maintain a fairly good state of nutrition in spite of the food that passes through him undigested, but the person with ulcerative colitis has a progressive loss of weight unless the disease can be controlled.

Q—Is it harmful to take

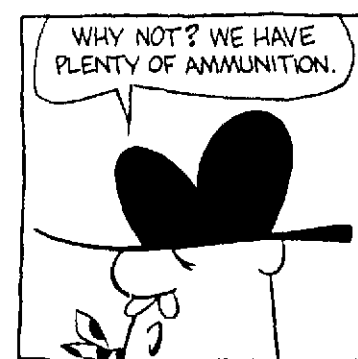

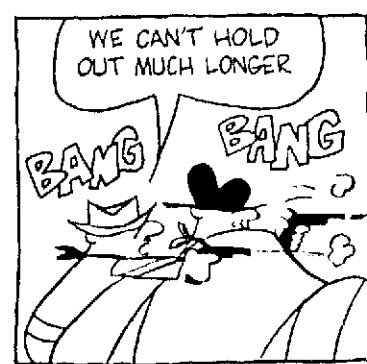

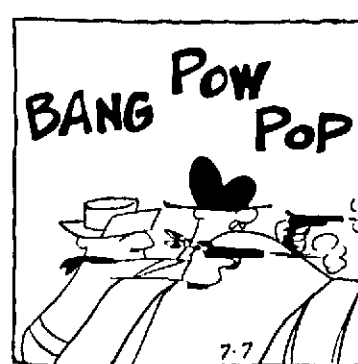

ASULFIDINE every day for spastic colitis? Will malt soup extract or injections of vitamin B-12 help?

A—Asulfidine, one of the sulfa drugs, is usually given for ulcerative rather than spastic colitis. It should be taken only under close medical supervision which should include periodic blood counts. Since malt soup extract is a laxative it should not be taken routinely by anyone and never by a person with a tendency to loose stools. Vitamin B-12 will cure pernicious anemia but not spastic colitis.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of this paper. While 60 E. 42nd St., New York 17, Dr. Brandstadt cannot answer individual letters he will answer letters of general interest in future columns. Tower, Oklahoma City, Okla.

## LBJ Can't Find Key to Popularity

By JAMES MARLOW  
AP News Analyst

WASHINGTON (AP)—If President Johnson could just latch onto something solid—and big—it would rocket his popularity. He knows this but he has had to learn to make frustration seem bearable and the intangible look like an achievement.

The Vietnam war has been around his neck since he took office, the end is not in sight, the critics—tapering off recently—have been after him like hunters after a fox, and the cost in men and money keeps climbing. The Pentagon figures it will need \$21.8 billion for the war alone these next 12 months.

But he has made peace gestures which the North Vietnamese spurned and both parties in Congress, except for scattered critics, are behind him. Nevertheless, unless he can start peace talks before the 1968 presidential campaign, in which he will almost certainly run again, he will have to do a lot of explaining.

If this seems a handicap, the Republicans are in a box, too. They almost certainly will not pick an antiwar candidate, which leaves them in the role of backing the war but complaining about how it has been handled. And the Republicans have been critical of their own critics.

They gave an illustration of this a couple of months ago when the staff of the Senate Republican Policy Committee turned out a 91-page report on the war, much of it critical, and the Republicans began quarreling among themselves.

By shrewd handling of himself in all this, mostly in recent months, Johnson has been careful about what he said on the war, thus leaving his critics with few of his own words to throw back at him or turn against him.

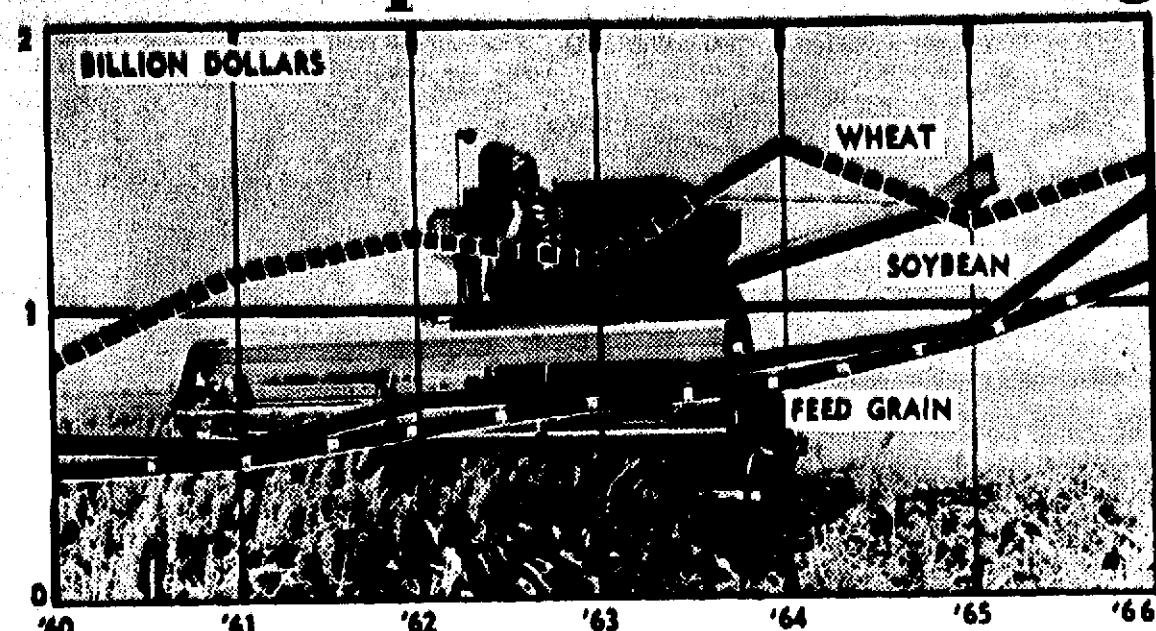

They have had to content themselves with complaints about the purpose, the validity, the tactics and the strategy of the war, all of which are in the field of abstractions and not of personality.

Thus, while the United States under Johnson has suffered continued frustration in this war it has learned to bear the war patiently, so much so that it backs him in trying to win it if only because now national pride is involved.

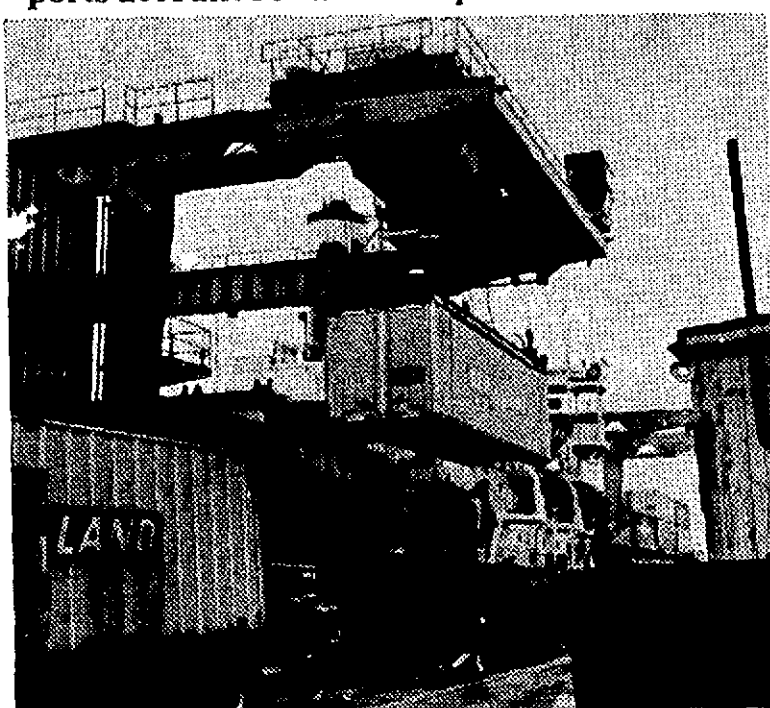

Nor can the United States under Johnson take credit for anything in the Middle East war, except staying out of it, which can be considered negative achievement since the Soviets wanted to stay out also, both

## Food for Foreign Families

# Farm Exports Still Growing

Breadbasket for the world is still the United States, from which farm product exports for the 1967 fiscal year are expected to total \$7 billion or more, a near-record. U.S. foods line grocery shelves in 150 countries such as the Japanese supermarket at right, and exports account for about 17 per cent of farmers' marketing income.

FARM PRODUCTS contribute significantly to the U.S. balance of payments. At a Baltimore wharf, at left, trailer trucks filled with U.S. farm products are driven to the ship and the entire trailer is hoisted aboard for shipment overseas. Above, a Chinese family in Hong Kong partakes of American chicken "drumsticks."

sides knowing that if they got in they'd be in against each other.

And there is nothing positive Johnson can point to—at this time, anyway—as coming out of his summit meeting with Soviet Premier Alexei N. Kosygin.

But Johnson handled it well. Kosygin, no matter how tough he sounded later for Soviet policy purposes, blessed the meeting with a manner which seemed grateful. If Johnson achieved nothing positive at the conference, at least he built a bridge that might be useful later.

Here Johnson made the intangible seem real and worthwhile. But all this puts the Republicans who challenge him in 1968 in the position of having to criticize frustrations and find fault with intangibles because these last two years of the Vietnam war have been a kind of marking-time period.

SAN ANTONIO, Tex. (AP) — Rosie and Crip, who were rescued from death in the wild to become the only whooping crane couple in captivity, have produced their first chick and are anxiously awaiting a second.

The chick popped out of its shell Thursday two days before officials of the San Antonio zoo expected, but zoo Director Fred Stark said it was "healthy and lively."

Experts tried for more than 10 years to get Rosie to mate. Rosie was taken into captivity 11 years ago after she was found injured.

Two years ago she was sent to a New Orleans zoo to mate with a whooper named George. When that didn't work, Rosie was paired off with Crip, another injured bird rescued from the wild, and sent here last January to set up house keeping.

Rosie delighted the zoo officials by laying the egg June 7 and another two days later.

Thursday Crip took over the sitting chores on the second egg.

Fatherhood is nothing new to him. The parent of the first whoopers successfully hatched in captivity, Crip was the mate of Josephine at the Audubon Park Zoo in New Orleans from 1950 until she was killed in Hurricane Betsy in 1965.

Their living offspring, George, Georgette, Pepper and Peewee, are still at Audubon Park.

Stark said that in about six months the U. S. Bureau of Sports Fisheries and Wildlife, which is attempting to bring the whooper back from the brink of extinction, will take Rosie's chick to Baltimore. Six whooper chicks, from eggs picked up in the wild, were hatched there last month, Stark said.

In a count made last spring, there were 45 whoopers found in the wild. Rosie's chick makes the 13th in captivity and the first in about five years to be bred and hatched in captivity, he said.

## Plans Study of Newspaper Economics

By JOHN CHADWICK  
WASHINGTON (AP) — The Senate antitrust subcommittee will open hearings next week that seem likely to become the first in-depth congressional study of newspaper business economics.

The hearings will center on a bill to permit an antitrust exemption for mergers or joint business and commercial operations of newspapers, both dailies and weeklies, in order to save "failing newspapers."

Subcommittee aides report being flooded with requests to testify and with material taking strong stands for and against the bill. Some objections have been directed to wording of the measure rather than its basic purpose.

Labor unions were listed as leading the opposition. Newspaper publishers were described as split, with the strongest support from multiple-paper operators and with owners of suburban papers among the bill's chief foes.

The hearings begin Wednesday. Nine additional days of hearings have been scheduled in July and six or seven more are planned in August. Further hearings are expected in November or December.

The bill was introduced by Sen. Carl Hayden, D-Ariz., on March 16 with 14 other senators — 7 Democrats and 7 Republicans — as co-sponsors. It's called the "Failing Newspaper Act."

It stems from an antitrust suit brought by the Justice Department in 1965 against a 1941 arrangement by two Tucson, Ariz., daily newspapers, the Citizen and the Star, under which a single company was created to conduct their printing, advertising, circulation and business operations.

Independent news and editorial staffs have been maintained by the two newspapers.

Hayden's bill provides that if a newspaper is failing, it may merge with another newspaper or enter into arrangements for certain joint operations without violating antitrust laws.

## Half Dollar Is Making a Comeback

By JOSEPH R. COYNE  
WASHINGTON (AP) — The half-dollar, a scarce item in recent years, shows signs of reappearing in significant numbers on the U. S. money scene.

That's the word from Robert A. Wallace, assistant secretary of the Treasury and the man who supervised the Treasury Department's recent crash program to end the coin shortage.

Except for half-dollars, that shortage has been declared officially at an end.

Wallace said, however, there are encouraging signs for the half-dollar. He's had reports of more and more of them finding their way into circulation and many banks now have halves available where in the past they had virtually been unobtainable.

But Wallace said he's not yet ready to declare the half-dollar shortage ended. The supply, he said in a Thursday interview, still falls far short of demand.

In addition to the basic coin shortage which developed several years ago partly because of increased use of vending machines, the newer half-dollar was saved as a memento of the late President John F. Kennedy, whose likeness appears on those minted in recent years.

Wallace said the ban imposed May 18 on export of silver coins should help the half-dollar hold its own. But just when the shortage can be declared ended is a question on which Wallace hesitates to speculate.

Half-dollars now are being produced at the rate of 24 million a month, a pace limited by the capacity of private industry to make the metal strips from which the halves are made.

About 850 million Kennedy halves have been produced since 1964.

## Teacher Corps Has a Chance

By JACK MILLER  
WASHINGTON (AP) — The Teacher Corps has been de-nationalized in fact as well as in name, but its director says the program still is in a position to start a revolution in American education.

"It's going to be tougher," conceded corps chief Richard A. Graham in an interview. "We're going to have to work harder, and be more persuasive. But that's not bad."

Graham emphasizes the corps now has a firm lease on life. A bill signed last week provides funds for three years.

A few months ago it looked as if the program might become a "Great Society" casualty after just a year in existence. The corps won congressional approval, however, at the cost of yielding much federal authority to local school districts and states.

The emphasis of the modifications was best shown by one that dropped "national" from in front of the program's name.

The biggest change took away the government's total authority over recruiting, selecting and enrolling candidates.

The U. S. Office of Education still foots 90 per cent of the bill, and the federal commissioner will select school districts for the program if there are more applicants than funds.

The corps' primary goal is to find new ways of teaching the nation's deprived youngsters. But Graham says it may bring major changes to the whole American educational system—the way teachers are trained, the way all students are taught.

All but a small part of the training of a teacher-to-be now takes place in the college classroom. And what practice teaching he does usually is in a good school, not a poor or slum school.

**H**ighbrow — one whose education exceeds his intelligence. — Unidentified quote from Arkansas Press Association bulletin.

We are about to wind up the turmoil into which The Star staff plunged nearly two years ago when converting our plant from letterpress to offset. It began with the signing of contracts in mid-September 1965 for all-new equipment.

By mid-1966 we had the offset operation whipped, and the first of 1967 saw the advent of process color. That ended the equipment phase, but we still had to work over the building's interior, sprucing it up and eliminating the scars left by the old machines upon their sale and removal.

The building reconstruction is now complete except for some last-minute electrical work — and one of these days we'll hold Open House and show the public what a Newspaper shop of Tomorrow looks like.

Haskell Jones, general manager of Hope Radio Station KKAZ, has for the second time in six months come up with an advertising idea that has gained national attention.

Acknowledgment came in the form of a letter from Charles A. Hammarstrom, vice-president of Keynote Broadcasting System, New York. Keynote is a transcription service handling features and advertising for radio stations coast-to-coast. Mr. Hammarstrom wrote Haskell Jones as follows:

"Mr. Ash of Lennen & Newell has shown me your canned orange juice promotion. I think your concept is superb. I want you to know we appreciate this creative merchandising effort of yours very much. I have shown your letter to account executives and others at Lennen & Howell; all were impressed and pleased."

The office of Economic Opportunity has approved \$86,191 grant to the Southwest Arkansas Development Council for the neighborhood service center and the self-help housing program. The six months grant is to be used in Miller, Little River, Hempstead and Lafayette counties, according to U.S. Senator William J. Fulbright.

## Uncertainty of Economy Is Cited

**LITTLE ROCK (AP)**—There is too much uncertainty in the national economy to decide whether there should be a tax increase, U.S. Rep. Wilbur D. Mills, D-Ark., said in an interview here Thursday.

"You look at one group of statistics and you see the economy is soft," he said, "at another group of statistics and it looks strong."

Unless it produced an increase in revenues, a higher tax rate would be of no benefit, Mills said, and if the economy happens to be static, a tax increase could cause it to go down. The tax increase then would produce no more revenue than it would at the lower rate, he added.

Mills, chairman of the House Ways and Means Committee, also said he believed a recent increase in the debt ceiling was permanent.

Congress "wants it to serve as a notice to budget planners to keep their budgets within it," he said.

## McNamara Told U.S. Winning War

**By JOHN T. WHEELER**  
**SAIGON (AP)**—Gen. William C. Westmoreland told Defense Secretary Robert S. McNamara today that allied forces in Vietnam are winning the war, "slowly but steadily," but urged McNamara to provide more battle troops to "step up pressure on the enemy by reinforcing our mounting successes."

The U.S. commander in Vietnam, opening the first briefing of McNamara's ninth visit to Vietnam, declared: "North Vietnam is paying a tremendous price with nothing to show for it in return. The war is not a stalemate. We are winning, slowly but steadily."

The briefing at the U.S. Army's headquarters at Tan Son Air Base was secret, but an account of it was given by a spokesman.

Despite the official optimism relayed from the conference, well-informed sources contended the conferences with McNamara have something of a crisis atmosphere. Because of the steadily mounting enemy force and the brutal fighting along the demilitarized zone, they say decisions which come out of the meeting will be vital to the course of the war. It is generally agreed here that tens of thousands of new U.S. troops will be sent to South Vietnam, the only question being how many and how fast.

Westmoreland is believed pressing for 100,000 troops more than the 475,000 now authorized him, a number that probably would mean calling up some reservists. South Vietnam's generals would like more.

McNamara is expected to continue with briefings in Saigon Saturday and then go into the field for on-the-spot checks Sunday and Monday.

Westmoreland was believed to have discussed in detail the recent large North Vietnamese buildup which has added at least three new divisions, or about 37,000 men, to the fighting in the South since Jan. 1. The United States has committed one new division, about 16,000 men, in the same time. The new U.S. division is in the Mekong Delta, the Communist ones all to the north.

Westmoreland and his aides were expected to argue that the present supply and support establishment in Vietnam can be stretched to handle a major influx of new combat units with a minimum of additional clerks, mechanics and supply men.

The U.S. commander also was expected to put much emphasis on the Communist threat to the Central Highlands and below the demilitarized zone, the two current crisis points of the war. Of the three U.S. corps area commanders, only Marine Lt. Gen. Robert E. Cushman was present, apparently a reflection of the gravity of the military situation in the five northern provinces where Cushman's Marines are under constant attack.

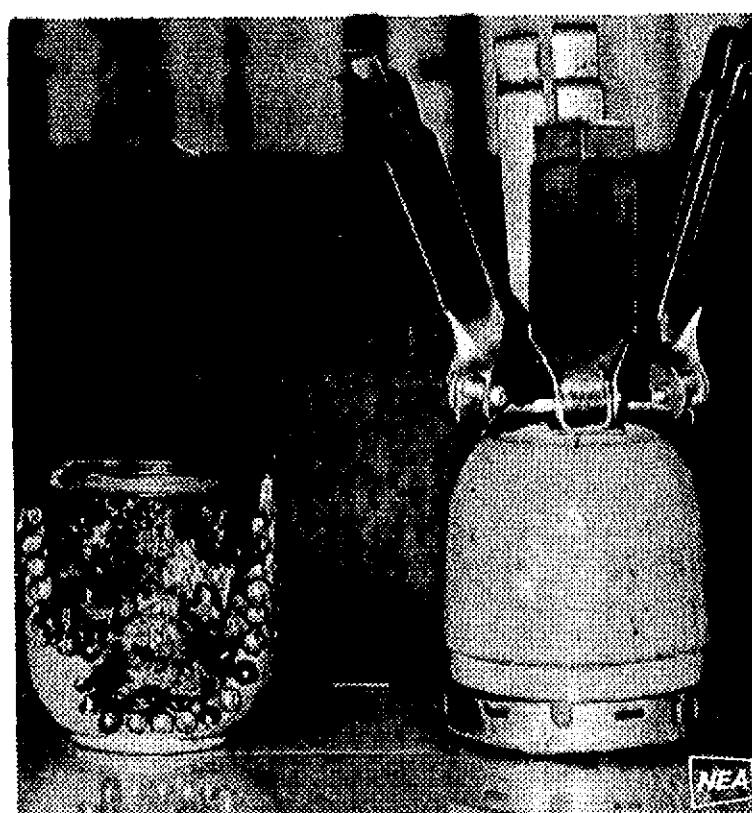

The secretary is expected to visit rear command posts in both the highlands and Cushman's area as well as look at pacification teams at work in some of the more secure areas.

## Negro Hired by Insurance Department

**LITTLE ROCK (AP)**—Earl Moore, 48, of Little Rock, a Negro who has served in supervisory capacities for four insurance companies during a period of 20 years, became the first member of his race hired in an executive capacity by the state Insurance Department when he was named to investigate complaints dealing with weekly premium insurance companies.

Assistant State Insurance Commissioner Ernest J. W. Fennell announced here Thursday.

Fennell also announced the appointments of K. L. McIntosh, 54, as a fire and casualty insurance actuary and Q. D. Lamb, 46, as an examiner for fire and casualty companies.

**PINEAPPLE BOMBS**, new weapon being used in South Vietnam by the United States, were under protest recently by a socialist member of the Japanese Diet who said the bomb shoots out 300 small balls (seen inside the bomb at left) when exploded in the air. In reply, Japanese Foreign Minister Miki acknowledged that the Hague Conference of 1907 prohibits belligerents from inflicting unnecessary suffering on humans in the conduct of war. But, he said, North Vietnam is not signatory to the convention, and the convention itself leaves much to be desired.

## Enemy Getting Small Arms From China and Artillery From Russia 400 Gallons of Moonshine Liquor Seized

**WASHINGTON (AP)**—Communist China has supplied North Vietnam more than 750,000 small arms, many of which have been shipped on to Communist forces fighting in South Vietnam, U.S. sources report.

The Soviets have furnished the North Vietnamese more than 10,000 artillery pieces, mortars and other heavy weapons.

These figures, gathered from a variety of U.S. government sources, indicate the scope of Soviet and Red Chinese aid to North Vietnam, the main supplier of the Communist Viet Cong as well as North Vietnamese regulars in South Vietnam.

The volume of cargo unloaded by Soviet ships at Haiphong, North Vietnam's chief port, reached a record level of more than 200,000 tons in the first three months of this year.

U.S. experts calculate that Soviet military aid to North Vietnam totaled close to \$1.5 billion from 1955 through last year. Chinese military assistance to North Vietnam came to nearly \$200 million through 1966.

Economic aid to North Vietnam from all Communist sources reached \$1.5 billion during this period. About half came from Moscow, a little less than half came from China and some 10 per cent from Red nations of eastern Europe.

The war in Vietnam currently is costing the United States about \$25 billion a year.

The current assessment by knowledgeable U.S. officials is that even without help from the Soviet Union or China, North Vietnam could continue the war, but its effort would be much less effective. This assessment also covers action in Laos.

U.S. experts believe shutting off the port of Haiphong would magnify North Vietnamese problems and drain material and human resources.

But if the Soviets and Chinese kept up basic support in the face of a port closure, American analysts are convinced North Vietnam could continue the present degree of operations in both South Vietnam and Laos.

The Soviets, it was said, could use south Chinese ports, shifting to rail transportation there, instead of sending goods into Haiphong as now. Crude oil could be shipped to Chinese refineries and refined products trans-shipped to North Vietnam by train.

This supposes the Chinese would permit such action. Although the Soviets and Chinese are bitter foes politically, indications are the Chinese are not gate complaints dealing with weekly premium insurance companies.

China is providing most of the small arms, ammunition, antiaircraft artillery, some heavy weapons and some trucks to North Vietnam, U.S. experts say. Moscow is furnishing virtually all of the petroleum supplies to North Vietnam, with some small amounts from Romania.

## Wreck Fatal to Mena Woman

**MENA, Ark. (AP)**—A car-truck collision on U.S. 71 killed a Mena woman and critically injured her husband Thursday about a half mile north of Grannis (Polk County), 25 miles southwest of here.

State Trooper Ken Hendrix said Mrs. Hazel Miller Denson, 52, was killed when a car driven by her husband, Judson Denson, 56, apparently went out of control and veered into the path of a dump truck driven by Charles Edward Martin, 50, of Hatfield (Polk County).

Denson, superintendent of Queen Wilhelmina State Park, was hospitalized at De Queen.

## Says School Decision Up to Courts

**LITTLE ROCK (AP)**—The attorney general's office said today it has asked the Pulaski County Election Commission to withdraw its request for an opinion on whether the commission can legally spend public funds to prepare for a special election for county judge.

Atty. Gen. Joe Purcell said he believes a conclusive court decision should and must be sought on whether the election is legal. The commission and Gov. Winthrop Rockefeller have indicated they would welcome a friendly suit testing it in view of conflicting opinions.

Rockefeller has called a special election for November 7 to fill the office.

Judge Arch Campbell remained in office when Judge-elect Tom Gulley drowned on Thanksgiving Day about six weeks prior to being sworn in. Campbell had not sought reelection.

"The people of Pulaski County are entitled to the time and effort necessary to assure that this county judge problem will be resolved one way or the other and I stand ready to help in any way possible to see that this is done," Purcell said.

He said it was urgent that a friendly suit be filed as soon as possible. He offered the facilities of his office to assist the governor in trying to obtain a state Supreme Court ruling as soon as possible after the court's summer recess is over.

Purcell said he had assured the election commission that he would issue an opinion in ample time to protect it regarding expenditures of public money in case such a suit is not initiated prior to the scheduled election.

## 79 Killed in East German Train Crash

**BERLIN (AP)**—Seventy-nine persons, many of them children, perished in a shower of flaming gasoline Thursday when an East German train crashed into a tanker truck in one of Europe's worst postwar rail disasters.

Dozens of injured were rushed to hospitals, and it was feared the death toll would go higher as many were reported in critical condition.

ADN, the official East German news agency, said a preliminary investigation headed by Interior Minister Friedrich Dickel showed the traffic barrier was not properly closed when the tanker went through it and onto a level crossing in the train's path.

The disaster occurred as the train was pulling into the station at Langweddingen, a farm village eight miles from the industrial city of Magdeburg, which is 80 miles southwest of Berlin.

The truck exploded when the train hit it. Its 4,000 gallon cargo, believed to be high-test aviation fuel, destroyed the station and sprayed flames over four of the train's double-decker cars.

## Committee Says Cost of Vietnam War Will Outstrip Estimates

**WASHINGTON (AP)**—The Senate-House Economic Committee says U.S. spending in Vietnam the next 12 months likely will outstrip administration estimates and could bring on a second year of tight money on the homefront.

The congressional study panel blamed the administration for causing fiscal 1967's money shortages and soaring interest rates by badly underestimating war costs.

"The same dreary cycle of events threatens again," said the committee in a report Thursday.

"Total spending on the war in Vietnam during the fiscal year just ending will double the administration's original estimates," said the committee. "And there are already signs that actual spending on the war in the upcoming fiscal year may appreciably outrun first estimates."

The committee predicted a possible \$4 billion to \$6 billion jump in war costs in fiscal 1968 that began July 1 over administration estimates of \$21.8 billion.

The administration originally calculated fiscal 1967 Vietnam costs at \$10.6 billion. That figure was hiked to \$19.9 billion last January and administration officials have said the total could reach \$20.4 billion when all bills are in.

The committee said because Congress wasn't given more accurate estimates, it was unable to consider in the true light the need for a tax increase or federal spending cutback.

The panel said the President should take adequate economic measures to compensate for increased military spending.

President Johnson's bid for a six per cent surcharge on individual and corporate income taxes has been described by administration officials as a means to pay for the war while avoiding inflation and the economic squeeze of the past 12 months.

## Plane Loss in Vietnam Over 600

By GEORGE MCARTHUR

**SAIGON (AP)**—Two U.S. B52s collided and crashed off South Vietnam today, the Communists brought down the 600th U.S. combat plane reported lost over North Vietnam, and U.S. Marines claimed 150 North Vietnamese troops killed just below the demilitarized zone.

The aerial losses and ground success were recorded as U.S. Defense Secretary Robert S. McNamara began his ninth visit to Vietnam with a day-long briefing at which the U.S. military command sought to convince him of the need for 100,000 to 200,000 more U.S. troops in Vietnam.

In the ground war, a company of Marines spotted 200 Red troops moving in the open northeast of Con Thien. Officers at the 3rd Marine Division headquarters at Phu Bai said the Marines boxed the North Vietnamese in with automatic weapons fire and artillery barrages and killed 150 of them.

But North Vietnamese gunners kept up a murderous barrage against Con Thien and the other Leatherneck bases just below the demilitarized zone. A spokesman said the Red gunners fired nearly 1,000 rounds Thursday-804 of them into the Con Thien area — killing 12 Marines and wounding 30.

The 600th plane lost was a Marine A4 Skyhawk bomber which was among flocks of warplanes attacking the North Vietnamese gun positions in and above the demilitarized zone. The Marine pilot was rescued with a broken leg today after his plane was downed by ground fire Thursday night. Marine officers believed a Soviet-made surface-to-air missile hit his plane.

The U.S. Command announced the loss of three more planes: an Air Force Thunderchief Wednesday and an Air Force two-man Phantom Thursday, both over North Vietnam, and a reconnaissance plane near Saigon today. The reconnaissance pilot was rescued, but the other three fliers were missing.

A U.S. spokesman said 13 men were aboard the two B52s that collided 65 miles southeast of Saigon. He said seven of the crewmen parachuted and were rescued from the South China Sea by helicopters and naval craft. A search was being made for the other six.

Two of the eight-engine \$8 million planes, which bomb enemy positions in South Vietnam unseen from 30,000 to 50,000-foot altitudes, collided and crashed northwest of the Philippines on June 18, 1965, en route to the first B52 raid on South Vietnam. That was the only other B52 loss reported in the more than 10,000 sorties the Stratofortresses have flown against targets in South Vietnam.

The B52 crash was the Air Force's second in three days. A Stratofortress which the Air Force said was on a training mission fell into the sea and exploded Wednesday about half a mile north of Puerto Rico. Three crewmen were rescued.

**Prisoner in Isolation Is Beaten**

**TUCKER PRISON FARM, Ark.** (AP)—Harry McClean, an inmate confined to an isolation cell for refusing to return to work after the lunch hour last Friday, suffered injuries to his back, ribs, eye and head in a beating by two other prisoners that night, a prison official said here Thursday.

Victor Urban, associate superintendent of Tucker, said McClean may have suffered a fractured skull. He was hospitalized at the State Hospital in Little Rock.

Urban said the two inmates, who were in the same isolation unit with McClean, allegedly accused McClean of "holding out" on food. McClean was assigned to the kitchen.

Urban said McClean was serving a six-month term for an escape from Tucker.
